Grand Jury Seeks New County Jail, Smacks Conditions

A scathing report calling for reconstruction of the county jail in Edwardsville was issued Friday by the January term Madison county grand jury.

Robert C. Harris, Granite City, chairman of the jury, reported that the jury inspected the jail on Thursday, and it was a pressing surprise. He, the grand jury, believe that this institution is disgraceful to the community.

"In our opinion any one of us who had the misfortune to be incarcerated in this maximum for a lengthy period would be made insane. It is that bad."

Sherry L. Barney, Frankfort, conducted the tour of the jail which is composed of cells and cell blocks without cafeteria or recreation facilities. The jury asked a lot of questions, he said.

The report continued that the jail is an anachronism and that it is a waste of money to attempt to repair it. It should be demolished and replaced with a new building.

It was noted by officials that the current county budget contains no funds for construction of a new county jail.

30-Inch, Not 5-Foot Ballot Seen By Harris

The special orange ballot to be used in the November election will be only 30 inches long and five feet long as being widely claimed, State Rep. Lloyd "Curly" Harris told members of the Granite City Optimist Club at a luncheon meeting Thursday at the YMCA.

In presenting a review on the special ballot of the Legislature last month, Harris insisted that the special ballot will not be as cumbersome as they thought, he said, even though the voters will have a choice of voting by mail or in person.

Harris added that if each party should nominate only 100 candidates instead of a maximum of 118, the ballot would be four inches shorter.

On a question by Maurice Daley, Granite City attorney, Harris admitted that there is no assurance in the at-large election that each of the old candidates will be represented in the next House but added that it is possible.

Vote For Three?

Another Optimist asked if voters would be advised to vote for only three of the local candidates, rather than the full complement permitted, and Harris said, "I would suggest this."

Harris, who has been elected to 14 terms to the House and has served 28 years, predicted a small state-wide turnout for the state representative election, but he noted that in the past "we've had a record where the vote cast for precinct committee members was double that of state representatives."

Glen Stenberg, a local chairman for a Republican gubernatorial candidate, asked Democrat Harris if the election of a Republican would be an assurance against failure to reapportion the state. The veteran of the House was quick to retort, "which one?"

During his presentation, Harris noted that the House at its last general session "passed a reapportionment bill but, for some reason or other—by law, it has been political—the governor vetoed that bill."

Harris said the Legislature is obligated to reapportion the state every 10 years, but it did not do so in 1960. "There was no penalty prior to 10 years ago when we made the last reapportionment."

"At that time a penalty was applied. If the Legislature or the Governor failed to reapportion the governor failed to agree on a reapportionment plan, the can-

Schools To Decide On Bond, Rate Proposals

Size Of Program And Election Date Remain Undetermined In GC

Scope and date of a constitutional bond issue and election are expected to be determined by the Granite City school board during its meeting starting at 7:30 p.m. tomorrow.

The date that has been under discussion is April 11, time of the annual bond election, making it possible to avoid the cost of a separate election. The proposal probably will include new construction, plus additions to existing schools.

Scheduling of three additions to be financed from current operating funds has enabled reduction of the size of the bond program under consideration.

Another factor is increasing tax consciousness among voters.

Tomorrow night's business will include board action on preliminary sketches of the non-bond issue additions—10 classrooms at Heather junior high school, five rooms at Mitchell grade school and four rooms at Wilson grade school.

Possible New Construction

The school district already has authorized acquisition of a site in the eastern part of the Pro-havil school zone, indicating the likelihood of proceeding with a new school in that area as part of the bond issue.

Other additions would be an elementary school in the Nameokel-Mitchell area and a new elementary school at Mitchell, both being somewhat disturbed by the new Mitchell addition and erection of a combination junior high and grade school on a currently-owned site on Pontoon road near Long Lake.

With Granite City high school enrollment continuing to set new records, the district has been considering constructing a cafeteria adjacent to a new class building.

State Certifies 'One' Multiplier For County

Property owners of the Quad-Cities and all of Madison county may breathe a sigh of relief.

The state department of revenue on Friday assigned a multiplier of "one" for Madison county, which means property assessments as made by township assessors and equalized by the county board of review will remain unchanged for computing rates at which taxes will be extended.

The one multiplier will apply for the 1963 tax year and the ensuing three years.

Levee Board Approves Budget Without Change

Trustees of the East Side Levee and Sanitary district approved the proposed 1964 budget without revision Friday night at a meeting in East St. Louis.

Although the meeting was advertised as a public hearing, no one appeared. The board approved a budget of \$2,112,064 including \$993,500 for general operating expenses and \$1,118,564 for bonds and interest.

A detailed breakdown of the budget appears in today's issue on pages 19 and 20.

The board also set a hearing for the tax levy ordinance at 10 a.m. Friday, Feb. 21, at the district offices, 2642 McCasland avenue, East St. Louis.

More Study To Determine Air Pollution Sources

No conclusions were given in the first report of the interstate air pollution study group given Friday morning in St. Louis. The 31-page report contained a variety of technical data, but it will be at least two years before recommendations will be made.

The initial report stresses the major role of open burning of refuse, along with auto and industrial emissions as a significant cause of air pollution. It was based on data gathered since last July.

Order were pinpointed in the first phase report, and at least a portion of them was noted to be coming from the dumps out East St. Louis along old route 674, where debris is burned. Granite City's dump is among them. The odds were detected by "sniffers" in St. Louis. No sniffers were on duty in the Illinois sector.

Auto Wheel Flies Off, Hits Hood Of Another

Two autos were damaged in a freak mishap about 3:45 p.m. yesterday when the left front wheel flew off the 1955 auto of Steven Evanoff, 23, of Rural Route one. No one was injured.

Police said Evanoff was driving his convertible coupe along Edwardsville road and the wheel flew off near the Nuhous road intersection. It sailed across the pavement through the air and crashed onto the hood of the auto of Charles Doty, 1748 Venice avenue, parked on a side street near 2500 block.

The Evanoff auto skidded to a halt on the shoulder of the roadway.

Drop In Venice Arrests Under New Court System

"Arrests have really dropped since the first of the year," Police Chief Frank DeWitt told the city council Friday night in citing problems associated with the transition to a new justice system. Officials voiced support for regular utilization of Public Magistrate Wesley Edwards as a way of easing the problem.

With arrest figures for the new system not immediately available, Edwards and police officers placed on inactive status for part of the month, arrests in January totaled 25, compared to 44 in December.

At present, Edwards and Madison Police Magistrate John Bridick are sharing magistrate duties at the Venice-Madison-Levee hall.

View New Saw

Fire Chief William Meehan Jr. said Thomas Smith, a 1941 gasoline-pump circular saw that carried a hard fiber blade, the \$300 saw can cut through steel, masonry and wood. "It is necessary, we can use it to free people in auto wrecks, and we will probably get the most benefit from it in fighting fires," he said.

He added that the fire department hopes to add a chain saw to be used in cutting wood.

Fourth Ward Alderman Oscar King asked about lighting in the 300 block of Fourth street and Madison street. He said the Illinois Power Co. has been asked to install a street light there.

The city council at 1022 Calvary street, attributed to a water main leak, has been temporarily repaired until weather permits backhoeing the surface. Third Ward Alderman Louis Ratliff reported.

THIS BELIEVE

How does a person get into the Lord's Church?

First let us define the Church: The Church is made up of people who together form what is called "the Body of Christ" 1 Corinthians 12:27. To become a member of this "Body" or "Church" people must be baptized into it: "For by One Spirit are we all baptized into One Body etc." 1 Corinthians 12:13.

Now whether you want to call this water baptism or Spirit baptism, it remains a fact that to be in the Church, you must be baptized into that "Body." Baptism as applied to believers was connected to water and/or the Holy Ghost. (Acts 8:36; Mark 16:16)

If one would narrowly construe Ephesians 4:5 and say that "One Baptism" meant either in water or in the Spirit, then a choice would have to be made between whether it was water baptism or Spirit baptism that placed one into the Church. But if one more broadly understood "One Baptism" to contain more than one element, then such a choice would not be needed. The Hebrew writer spoke of the principles of the doctrine of Christ to contain the "Doctrine of Baptisms." Hebrew 6:2. This being the principles of Christ's doctrine, we know he was not here referring to John's baptism; the figures of baptism in Israel passing through the Red Sea; or of Noah and family passing through the flood. These principles had to do with Faith Repentance, laying on of hands, the resurrection from the dead, eternal judgment; or in short things applicable to people in this discussion. The doctrine of BAPTISM therefore forms the One Complete Baptism of Ephesians 4:5. Later articles will show how that all believers may be baptized in or with the Holy Ghost, as well as in water, space does not permit me to expand further now. Miss Rozycke Becomes Bride Of Michael Suess Saturday

One of the last of the pre-Lenten weddings taking place over the weekend was that of Miss Patricia Rozycke, a daughter of Mr. and Mrs. Stanley Rozycke, 3188 Carlson avenue, and Michael Allan Suess, whose parents are Mr. and Mrs. Michael Suess, 1516 Cottage avenue.

Bouquets of white flowers and greenery adorned St. Hedwig Roman Catholic Church for the 11 o'clock ceremony performed Saturday by the Rev. Daniel Yuskas and wedding music was provided by Mrs. Margaret Cravenshaw, organist.

A re-em-broidered Alencon lace motif embellished with iridescent sequins and tiny seed pearls accented the bodice. Lace and jeweled motifs were also used across the front waistline and detailed in the dome-shaped skirt. Fullness fell from the back into a sweep train. GC Defeats Wood River After Dupo Pulls Upset

There was an early unscheduled trip to the dressing room Saturday night for the Granite City high school basketball team's starting lineup and it was probably a good idea.

After seeing his starters score only four points in the first quarter while the visiting Wood River Oilers racked up 14, Coach Andy Sullivan took the five boys off the floor for a short conference.

When they came back two or three minutes later, the Warriors revived, held the Oilers to two points in the second period and eventually took a 50-47 Southwestern Conference decision.

Sullivan was determined to avoid a third successive loss. On Friday night, the Dupo Trailers defeated the Oilers 52-47.

GC's Bloodworth To SUI 1st Team

(Special From Carbondale)

Roger Bloodworth, Southern Illinois University wrestler from Granite City, has been named to the starting lineup, Coach Jim Williamson announced today. Bloodworth, the wrestler at 137 pounds, was being held out of competition this season. But this week, Tony Plannmann, the Salukis' regular at that weight, suffered a broken leg in practice and Bloodworth got the nod.

The Granite City team wrestled last Saturday in a quadrangular meet at Golden, Colo.

Coolidge Cagers Beat Collinsville Webster

Coolidge held off Webster at Collinsville Thursday night and took a 38-34 ninth grade basketball decision. The victory gives the Braves a 12-3 season record.

The score was tied 19-19 at halftime but the Braves pulled away by seven points in the fourth quarter and held on. High scorers were Bob Odum with 13 and Ron Sheppard with nine.

Webster took the eighth grade game 46-43 after Coolidge had led up to the final 18-16. High for the locals were Bob James with 23 and Jerry Ridderhour nine.

Trojans And Warriors Square Off Once More

Teams Have Split Last 8 Games

The high school basketball rivalry between neighboring Granite City and Madison, which has been on an even keel the past five years, continues tomorrow night.

Fans of the Warriors and Trojans are expected to fill the 1300-seat Madison gymnasium for the 8:15 p.m. tip-off. A junior varsity preliminary will start at 6:30 p.m.

The regular season games between the two Quad-City schools have been limited to one since 1962. Previously, the teams battled twice each season.

In the 1958-59 season, Granite City followers were becoming a bit unhappy with the inter-city competition. For, before the Warriors won the second game against Madison that season, they had gone six long years without a victory over the Trojans.

Madison won a tight 56-54 decision in the first game in 1958-59, but Rich Williams scored 26 points in the second encounter to give the Warriors a 61-48 triumph.

Counting the two games that season, each team has won four of the eight regular season contests in the past five years.

In 1959-60, Granite City won both games and in the next season Madison captured both contests. In 1962, the Trojans took an 80-51 triumph behind Don Freeman's 27 points, but last year the Warriors won 63-40 with George Moore scoring 31.

Tickets for the game are on sale at both schools and Madison Principal Francis Dant has announced that only reserved seat ticket holders will be admitted to the game. There will be no standing room tickets.

The Warriors began wrestling the Vikings back in 1934 and at the squads have met every season. Since, Normandy was the last St. Louis team to beat Granite City -- that decision coming in 1954.

It will be the last regular season match for the locals, who have won 15 of 16 dual meets this season. Coach Bill "Red" Schmitt's boys won the Southwestern Conference championship with an 8-0 mark.

Normandy is like "we are," Schmitt said, "strong at the 160s and weak in the middle." All season long, the Warriors have depended on victories in the lighter and heavier weight classes.

The Warriors will be shooting for their 128th successive victory over St. Louis and Southern Illinois teams. The only schools able to beat the Warriors in recent years have hailed from the Chicago area.

Schmitt said Bob Finley, a junior varsity wrestler who was knocked out in a recent match at Ritenour, has been dismissed from the hospital and is back in school.

The Warriors will enter the Wood River district Feb. 15 and then be host to the sectional tourney Feb. 22. The state finals are Feb. 28-29 at North O'Neill.

Lincoln Beaten By Cairo 63-56; Jackson Scores 28 Points

A hot second half brought the Lincoln Rams of Venice close Friday night, but not quite close enough.

The Rams were trailing the Summer Bulldogs of Cairo by 15 points, 32-17, at halftime before they rallied to outscore the visitors 30-31 in the second half.

The Venice club pulled to within one point (55-54) in the fourth quarter, but two missed free throws dimmed the Rams' chances. Final score was 63-56.

It was the Rams' ninth loss against three wins this season, but they have a chance to avenge their latest setback Feb. 21 when they finish the regular season at Cairo.

Richard Jackson, a 6-1 sophomore who has shown improved scoring punch with almost every game, scored exactly half of Lincoln's points Friday night.

Jackson hit 28 points, all on field goals. The total was not only his personal high for the season but also the top individual effort for the Rams this season.

The previous high was 22 by guard Calvin Dixon Dec. 10 against Kinloch and again Feb. 4 against the same team. Jackson is averaging 15 points a game and has scored 62 in the last three contests. He specializes in long jump shots.

The Bulldogs were paced by Eugene Williams' 16 markers. The visitors had a 41-36 edge in rebounding.

The Rams' next game is Friday night, when Red Bud calls for the final home engagement.

Roxana Stall Fails To Baffle Trojans As They Rack Up 8th Straight Triumph

The Pick Dehmer modus operandi—stalling and ball control—failed the Roxana Shells Friday night.

The Shells tried the East St. Louis coach's m.o. against the visiting Madison Trojans but the slow-down worked for just one quarter against the razzle-dazzle locals. The Trojans broke the strategy in the last three periods

and scored an easy 81-49 victory. Where Dehmer has perfected the stalling game to the point where he has him victorious in the last two contests and nearly enabled the Flyers to upset highly-regarded Belleville.

Coach Bob Hardy's Shells were strictly novices. Roxana pined around with the basketball and took only four field goal shots—all no good in the first quarter and held Madison to a 7-3 edge.

Pressurized Press

But in the second quarter, coach Earl McClanahan ordered his Trojans to apply even more pressure to their full-court press, a defense which has proven very effective all season.

As a result, the Trojans negotiated several steals and rolled up 23 points to Roxana's eight to take a 28-11 lead. In the second half, the Shells abandoned the Dehmer strategy and scored 38 points—but, alas, their guests tallied 53.

Four Trojans scored in double figures, headed by Cecil Bell with 25. John Summers hooped 20. Hayes Wright 13 and Paul Lauck 12. For the Shells, Paul Crause took game honors with 27 and Buzz Kindle scored 17.

In their strong second half, the Trojans made 10 of 13 field shots. They hit 54% in both halves. The Shells made 25% in the first half and improved to 41% in the second.

Trojans Nearby Title

The decision gives the Trojans a 7-0 record in the Midwestern Conference with three games left. With a 14-3 season record and five regular season games left on the schedule, the local team is usually assured of bettering last season's 16-9 record.

Madison won its last eight games in succession. Madison won the junior varsity game 59-55 as Tom Owens scored 14 and Mike DeYoung 13.

Devils Try To Assure Tie For MCM Honors

Only one more victory is needed by the Venice high school basketball team to win at least a first-place tie in the Madison-Clinton-Macopin Conference.

That triumph will be the aim of the Red Devils tomorrow night as the Venice Warriors call at the Venice gymnasium for an MCM encounter. The Warriors are the only MCM team to beat the Devils this season.

And, according to Coach Bill Ohlendorf, the Devils will have to perk up if they are to avoid a second upset. They won 72-68 over the Worden Lions last Friday night in a game that wasn't nearly as close as the score indicates.

The Devils led 38-23 at half-time and 59-47 after three quarters before the Trojans outscored the locals 21-13 in the final period.

Missed Close Shots

What upset Ohlendorf most about the game was the Devils' inability to hit field goals near the basket. They missed 23 attempts inside the free throw line.

"We couldn't hit a layup for anything," he said. "We had 28 points at the half, but we should have had 60."

Nevertheless, four Venice players scored 10 points or more with freshman Rich Essington showing the way with 29 on 11 fielders and seven foul shots. Ken McMullen had 16, John Robertson 11 and Paul Stitt 10.

Larry Schaefer, Worden sharpshooter, had 30 points but 15 of those came during the Warriors' fourth-quarter revival. Randy Lamb added 17 and Keith Loomer scored 12.

8-1 in MCM Play

The Devils now have an 8-1 MCM record and stand 15-4 overall as they strive for their first conference win since 1954. Second-place Bucks have three chances slipped Friday night as the Minutemen lost to Livingston 52-62 to drop their record to 6-3.

After tomorrow night, the Devils will have three games left before they play in their own district tournament. MCM games are Feb. 13 at Breese and Feb. 21 against Livingston at Venice. On Feb. 14, St. Paul of Highland calls for a non-league clash.

Venice's junior varsity won 60-52 over Worden. Coach Fred Puente scored 20 and Penny Hill hitting 14. Both are freshmen.

Coolidge 7th Grade Ends Season With Double Win

The seventh grade A-team at Coolidge junior high school finished the season with an 8-1 record Thursday night after winning a 35-1 triumph over Central. High scorers were John VanBuskirk (24) and Tim Wallace (19).

The B-team, finishing at 4-0, also topped Coolidge, 30-22, as Ron Kue scored 12 points. The Coolidge coach is Mike Sikora.

Warrior Sophs Revive: Beat Madison 68-59

After trailing by two points in the final three minutes, Granite City's sophomores revived and finished fast in a 68-59 victory Thursday night at Madison.

Madison's sophs had led 32-30 at halftime and 46-45 after three quarters. The decision gives Granite City a 10-1 record but this was Madison's only sophomore game of the season.

Top scorers for the young Warriors were Larry Ripka with 21, Mike Pritchard 16, Bill O'Neill 11 and Elmer Wortham 10. For Madison, Alton Rendell scored 21, Tom Owens 11, Don Williams 10 and Don Nowicki 10.

An accompanying charge of destruction of city property, jail cell furnishings, was dismissed earlier.

Venice Meet Championship To Bethalto

Bethalto made pre-tournament predictions come true Friday night when the Tri-Cities Conference grade school basketball meet at Venice with a 37-38 decision over Hartford in the championship.

Don Woelfel scored 15 points to lead the regular season champs to victory before a near-capacity crowd of 300. Dennis Brown scored 15 for Hartford. In the third-place game, Word River edged Jerseyville 46-42 as Jim Bob DeWitt hit 19 points.

David Shaw also scored 19 for the losers.

The semifinal round Thursday night saw Hartford beat Jerseyville 42-41 as Gary Brawley scored 12 and Gary Hinrichsen 11. Shaw scored 19 for Jerseyville and Ron Blackberry hit 14.

Bethalto tripped Word River 45-45 in the other semifinal with Woelfel scoring 23, Jerry Wyatt 11 and Ricci Statter 11. DeWitt's 18 topped Word River, with Rick Moore hitting nine and Don Vinson eight.

room wing at the northern end of the building.

The new cafeteria would be topped by six or eight classrooms, and the present cafeteria could be converted into four classrooms. It is believed a new cafeteria location would reduce pupil traffic and congestion in school corridors.

Addition of four classrooms at Niedringhaus grade school, where enrollment has increased rapidly, has been studied, along with possible construction of two rooms at Maryville grade school and eight at Lake elementary school.

Cost Estimates

Cost estimates studied have included \$501,650 for each new grade school that is built (\$470,000 for construction and furniture and \$31,650 for supplies and staffing), \$500,000 for a high school cafeteria - classroom addition and \$601,000 for each four-room elementary addition.

With the district at its currently authorized tax rate maximum of \$1.75 for the educational fund, 25 cents for the building fund and two cents for the transportation fund, education and building rate boosts will be submitted to voters.

Each penny of the rate provides about \$18,000 a year in property taxes.

A pattern of regular wage increases for school employees has been developed, and all agreements which expired last summer have not yet been renewed due to dissatisfaction of the employees' union with the amount of pay offers authorized by the school board. Included are custodians, cooks and maintenance workers. The current teacher agreement expires this summer.

Other business tomorrow night will include a report on assessed valuation reductions; litigation by Teachers' Local 743 on behalf of a former non-tenure teacher.

Madison Lions Discuss Plans For Maxwell Program

The Madison Lions club made plans for this week's meeting, which will feature Dal Maxwell, utility infielder of the Cardinals, at the Sportsman's club.

Information furnished by local families will be combined with that gathered in 306 other sample areas of the country to obtain national estimates of the 1962 employment situation. In addition, information will be collected about the number of weeks women 18 to 64 years old worked in 1962. The answers to these latter questions will be used to select a sample of women who will be followed up later this spring to discover how much and how often these women work or seek work.

These questions on work experience will supplement the regular ones on employment and unemployment asked in the monthly Current Population Survey at the request of the Bureau of Labor Statistics, U. S. Department of Labor. Latest estimates published by that agency show that, although unemployment usually increases slightly the last month of the year, December 1963 unemployment edged down, somewhat to 3.8 million from the November 3.9 million figure.

Industry Brochure For Madison Being Sent To Firms

H. W. Proetz & Co., management consultants retained by the city of Madison, is distributing eight-page brochures to industries in the United States, expressing an interest in locating here.

The city, which has an operating surplus of more than \$2 million, is offering to erect an industrial plant on a site within a five-mile radius of the city and lease it to a responsible firm.

Proetz last Monday published an ad in the national edition of the Wall Street Journal telling of the offer and of the advantages in becoming established in this area. Copies of the brochure are being mailed to those who respond in addition to other contacts.

The head of the consultant firm said they conferred last week with one industry which has expressed an interest.

The brochure contains an introduction by Mayor Stephen M. Maurer and endorsements by Charles P. Whitehead, president of General Steel Industries; Nicholas P. Wheeler, president and board chairman of Granite City Steel Co.; B. J. Hunter, vice-president and plant manager of Union Star & Refining Co.; and Nicholas R. Brink, plant manager of the A. O. Smith Corp. Aerial photographs of their plants accompany their statements.

It highlights the 11,200 acres available among 70 pieces of property from six to 100 acres, availability of all types of transportation and utilities, diversity of industry, including production of six basic metals, sources of basic raw materials as coal, oil, iron ore, limestone and water.

The 10-point code of ethics reached by labor and management, higher education facilities and development of the new campus here and in St. Louis.

An article by Victor Rieser, national labor columnist praising the labor-management climate of this area, also is included.

Rotary To Hear Talk On Business Decisions

Wyatt F. DeLoache, Midwest manager of the Du Pont Company's Extension Division and a widely-known speaker, will address Granite City Rotarians Tuesday on "Prophecies, Profits and Progress."

He will stress that the strength of the U. S. economy rests upon "modern day prophecies"—business and professional men—whose profit or loss decisions affect growth and progress.

A former newspaperman, DeLoache has been with Du Pont since 1940 in a variety of assignments in the field of public relations. He now makes his headquarters in Chicago.

Before his present position with Du Pont, he was a plant personnel superintendent, a specialist in community relations and a consultant on industrial journalism.

He has traveled extensively and made frequent appearances before civic groups, industrial meetings, educational gatherings and technical societies.

1963 Steel Shipments Hit 75.1 Million Tons

Steel mill shipments of finished steel products totaled 75,553,142 net tons during 1963, an increase of five million tons (7.1%) from the 70,552,438 tons shipped in the preceding year, according to American Iron and Steel Institute today.

The automotive market classification received 16,884,128 tons directly from mills. This was equal to 22.3% of the steel industry's aggregate shipments. The 1963 automotive tonnage figure was the second highest on record—exceeded only by the 18.7 million tons shipped to that category during 1955.

New records were set in shipments of reinforcing bars and galvanized sheets. The reinforcing bar total was 2,683,304 tons during 1963, up from 2,518,891 tons during 1962. The 1963 galvanized sheet total was 3,921,510 tons. The former record was 3,332,708 tons during 1962.

The December 1963 shipments from steel mills totaled 5,340,206 tons, against 5,616,912 tons during November 1963, and 5,001,73 during December 1962.

Two Defendants Listed In \$20,000 Damage Suit

A damage suit for \$20,000 has been filed in Madison county circuit court at Edwardsville for Timothy Jones, 14, by his mother, Mrs. Rosemary Jones, as a result of a traffic accident last Dec. 2 at Grand avenue and 14th street.

The defendants are Robert Harsanyi, 16, of Granite City, and Paul Klever, doing business as Klever Distributing Co. The complaint states that young Jones was a passenger in a car driven by Harsanyi which was involved in an accident with another vehicle and that Jones sustained injuries. It alleges that a beer truck owned by the Klever firm was parked in such a manner as to obstruct vision of a stop sign, contributing to the accident.

\$45 On TV Set Gone —So Is TV Set

Burglars who pried off a padlock to get through the front door at the home of Sidney Collins, 207 Terry street, Eagle Park Acres, didn't bother to pocket the \$45 they found on top of a 21-inch television set.

They just took the television set and the money. Collins reported the theft to county authorities Thursday night, saying it occurred between 5 and 9 p.m.

Chairmen Planning To Debate City Engineer Appointment

Council committee chairmen, who are scheduled to meet this evening in an unofficial session, are expected to discuss at length Mayor Davis's 30-day appointment of David J. Johnston as city engineer.

The council has wanted a city engineer appointed, but they have been seeking a full-time city engineer to be available at all times to aid the city with its drainage, street and other problems. The mayor said with the announcement of the appointment last Tuesday with A. W. Pearson would continue as the resident engineer representing Johnston.

Council members have noted that Pearson is not a registered engineer, and in a letter to the council last month, Johnston pointed out that Pearson's job as resident engineer was more than the \$3000-a-year paid by the city for consulting engineer services.

Council members are also anxious as to the mayor's plans for selection of an engineer to handle the city's motor fuel tax projects. Under state law, a city engineer cannot be the engineer for MFT work. Davis said last week that Johnston will continue as motor fuel tax engineer on projects that his firm started, but he gave no indication who would be selected for the MFT post.

The mayor said the problem would be met when it arises.

The chairman also are expected to take up last Wednesday's mishap in which a 15-year-old boy was injured seriously in the Nameoki drainage ditch at Terminal avenue. The boy was playing in the ditch and was going to crawl through a pipe under Terminal avenue when a pressure valve caused a heavy metal gate to fall, striking his head.

Residents along the ditch have tried repeatedly to have it enclosed with a fence. The fencing was part of the \$10,000,000 drainage-sewage-pollution abatement program turned down by voters in October 1962.

The residents last week stated they plan to circulate petitions for installation of a fence. The ditch is maintained by the East Side Levee and Sanitary District.

Other likely topics will be monthly rates and charges for the city's sewage treatment plant revenue bond issue, zoning and inclusion of parcels for 1½-mile outside the city limits, sanitary sewers for areas not now served and drainage problems.
